New and Improved Art Clay

You asked for... Quite simply, a clay that's easier to work with.
We delivered... An incredible new formula that gives you the best of all worlds being easier to mould with less shrinkage and longer working times!

SINCE ITS LAUNCH, there have been several different types of Art Clay Silver but none as revolutionary as the exciting New Formula Art Clay. New Formula Art Clay proves that three into one will go by combining the best features of the three most popular clays: easy moulding from the Original, slow drying from Slow Dry, and a low firing temperature from the 650 range. And there you have it... the ultimate Art Clay!
