

Durston Mini Rolling Mill

Mini rolling mills from Durston Tools have the same quality of design and specification as the DRM range, but will shorter rollers. Space saving and compact, the mini-mills have rollers of 80mm or 100mm. The Mini Rolling Mill range is no exception and has been manufactured in cast iron for optimal strength and rigidity. They are compact but still have everything you need to form your metals and feature precision hardened and ground rolls to 64RC.
